**HUNTINGTON, IN** - Users of Our Sunday Visitor's leading Online Giving service now may donate through an app available on Android devices. This significant extension of Online Giving extends the App to Android in addition to the previously announced iOS App. The iOS and Android Apps are provided at no additional charge to existing Our Sunday Visitor Online Giving customers. They are also available for organizations who do not currently have Online Giving and can be used as the main donor interface for Online Giving.

Online Giving from Our Sunday Visitor is a web-based system for contributions, donations, tuition, event and campaign gifts offered from Our Sunday Visitor. Online Giving is mobile responsive, usable from desktop and mobile devices, and is available for use 24/7. And now Online Giving is available as an App for both iOS and Android devices.

The Online Giving App allows users to register for Online Giving for the first time and log in to manage their account. A donor can make one time gifts, schedule recurring gifts and even create pledges in the App. They can also update their banking information, credit cards and look at their giving history.

Our Sunday Visitor's Product Manager - Digital Products Chris Taylor said, "We have been very pleased with the rapid adoption of our Online Giving App for iOS and we have already had many requests for access from Android. This extension meets a key need for convenience. We (OSV) have a continuous enhancement roadmap for Online Giving - we are working hard to make Online Giving even more accessible for everyone."
